

Angels With Attitude 28th March 2009

On Saturday 28th March 2009, 70 girls and young women aged 11-19 gathered together at Clifton Rd Youth Centre to take part in Angels With Attitude 2009. They got involved in a wide range of activities. The most popular were: Mountain Biking - groups of girls splashed their way through Sutton Park.

Buckin Bronco - those who dared to ride the fearsome Bronco.

Spray Tattoo - hey, at least they wash off when the regret kicks in!

New this year were a Graffiti Art workshop and Boxercise classes, both of which proved to be great successes.

See below for a selection of photos from the day:

We will be holding another Angels With Attitude event in 2010 - call us on 0121 453 3531 for more details.

Saturday 24th November 2007 was Brums own Angels with Attitude, hosted by The Pump in Kitts Green.

It was a cracking day out for the many young women from around Birmingham who attended. Sadly, a downside is that too few city youth workers got involved and potential opportunities to develop girls youth work were lost.

All day long groups participated in fun and skill based activities, ranging from a Bucking Bronco to braiding and nail art. Photos and testimonials from the event to follow soon.....
